Mr. (b) (6), my name is Katrina Higgins-Coltrain, and I am the Environmental Protection Agency project manager for the Wilcox Superfund Site. I have been working with Todd Downham of the Oklahoma Department of Environmental Quality to get a better understanding of the site as well as the concerns of the community. It is my understanding that you contacted the EPA to find out more information about the Wilcox Site. In addition to this email, I have also called your number and left a voice mail with my contact information.

Attached for your information is some site literature that describes the site and also describes the Superfund Process. I have also attached some health fact sheets (ATSDR ToxFAQs) on the contaminants we know to be present at the site. Please do not hesitate to call me at 21-665-8143 or 1-800-533-3508, or call Todd Downham, ODEQ, at 405-702-5136, should you have questions or concerns.

Thank you for your time and continued interest in the site. I look forward to talking with you.
